

# FUNERALS

The funeral service is usually celebrated wholly at St John's, with cremations or burials being carried out by the funeral director.

The traditional Anglican service lasts about half an hour.

Experience shows that it is very helpful both for the church and the family for people to plan their funeral service. The Priest and St John's Director of Music are happy to help with this.

As with baptisms and weddings, the garden provides a tranquil setting for a gathering afterwards.
